

Topic	Number of Pages	Date in Effect
3.8 Travel to Bus Stop Distance	1 of 1	February 2010

Policy Statement

For the purposes of efficiency and consistency, STS has aligned the maximum distance that students may be required to travel to access a bus stop.

	JKG – Grade 8 Elementary Panel	Grade 9 – 12 Secondary Panel
Urban Environment (predominately residential in nature where community stops will be utilized within a city, town, village etc)	up to 800 meters (.8 kms)	up to 1600 meters (1.6 kms)
Rural Environment	near the residence or up to 400 meters (.4 kms)	near the residence or up to 400 meters (.4 kms)

Parents/guardians are responsible for a student's safe travel to and from a bus stop location to meet transportation.

Procedure

STS routes will be planned with the above parameters established in the software planning program.
