

Southwestern Ontario Student Transportation Services ("STS") plans school bus routes for kids attending schools in the London District Catholic and Thames Valley District School Boards. Our 1,100 routes transport 50,000 kids in Elgin, Middlesex and Oxford counties and in the city of London each school day.

Student Transportation Services uses bus companies to provide the daily service - and our local bus companies are **hiring school bus drivers and monitors now.**

A career in school bussing could be for you! Consider:

- ✓ Regular "home to school routes" will give you a couple of hours work per day.
- ✓ Charter trips (for class trips and sports teams) can earn you extra hours and extra pay.
- ✓ School bus drivers drive "big yellow buses" - but some school bus drivers operate minivans and wheelchair equipped vehicles. Don't let the size of the equipment scare you.

Working conditions are flexible for you:

- ✓ Early morning and afternoon work leave you free for the bulk of the day for other activities.
- ✓ No evening work or weekend work.
- ✓ Casual dress code.
- ✓ All school holiday breaks off - Thanksgiving Monday, Christmas, March Break, Easter Monday - all off!

This is a great career match for someone who:

- ✓ Likes teenagers and children.
- ✓ Is attentive and diligent.
- ✓ Is comfortable behind the wheel in varying weather and traffic conditions.
