Parent Portal FAQs

My School Portal username and password are not allowing me to Log In.

The School Portal is not the same as the bussing Parent Portal. This year, all families must create a Parent Portal login on the MyBigYellowBus website. This will allow you to add multiple students to one account and view them all under a single login.

I tried to set up a Parent Portal account but never received a confirmation email. Why not?

Two things cause this:

1. The confirmation email was issued, but your email filters sent it to a folder like junk, spam, or promos.
2. The email was invalid because of a user error at the time of entry, like a spelling mistake, incorrect domain (i.e. .com instead of .ca)

Possible solutions:

1. Search your email for notifications@mybigyellowbus.ca, the originating email. Do not reply to this email address – it is not a monitored account.
2. Try again. Spelling or typing mistakes happen to all of us.

I've set up a Parent Portal account, but when I try to log in, it says that my password is 'invalid'.

Make sure that the password you are using is correct. If the webpage is still showing the password as invalid, use the 'I forgot my password' button to reset your account.

I've logged in to the Parent Portal. How do I see my student's bussing information?

Follow these steps to add your student:

1. Click the 'Add Student' icon
2. Fill in the necessary fields
3. Click the blue 'Add Student' button to confirm

I've tried adding my student to the Parent Portal but it's not working. 'Add Student' TIPS

Student ID

- The PublicID from your bus registration form is NOT your student's ID number
- The Student ID number is NOT the OEN number
- Student ID numbers are available through the school office

Birth Date

- Try choosing the year first
- Try switching the month and day
- Confirm with the school that the correct birth date was inputted when you registered your student (an error or typo could have occurred)

Grade

- Ensure that the correct grade for the 2020-2021 school year has been selected

I've added my student to the Portal. Why are there no transportation details?

Your Parent Portal might be blank for one of two reasons:

1. No Bus Registration Form was submitted.

In late July, STS announced a mandatory Bus Registration process for bus eligible students that wish to secure a seat on a school bus. If you have not completed a Bus Registration Form your student is not assigned to the school bus and therefore the Parent Portal will remain empty.

Bus Registration closed on August 14, 2020. Any registrations received after that date will not be processed before school starts so that routes can be finalized, and bus loads balanced where possible. Parents/guardians should prepare alternate transportation arrangements unless expressly notified by STS that a bus seat is available.

If you wish to submit a Bus Registration Form, you can do so here:

<https://transportation.mybigyellowbus.ca/Workflow/SWOSTS/TransportationRequest.aspx?FormVersionId=a7137c5c-ea6a-4f3b-8dad-91c9b7537a83>

2. Your address is not eligible to receive transportation.

Check your address using our Eligibility Tool here:

I've added all of my students to the Portal. Why can't I see them all?

The website only allows you to see one student at a time. There is a drop-down button that allows you to switch between your added students.

I'm having issues logging in/viewing the Parent Portal on my device.

Try a different device or alternate internet browser.
